FLV VENTURE BUILDING APPROACH

We partner with you throughout the venture building journey, from incubation to scaling, sharing key lessons we have learnt over two decades

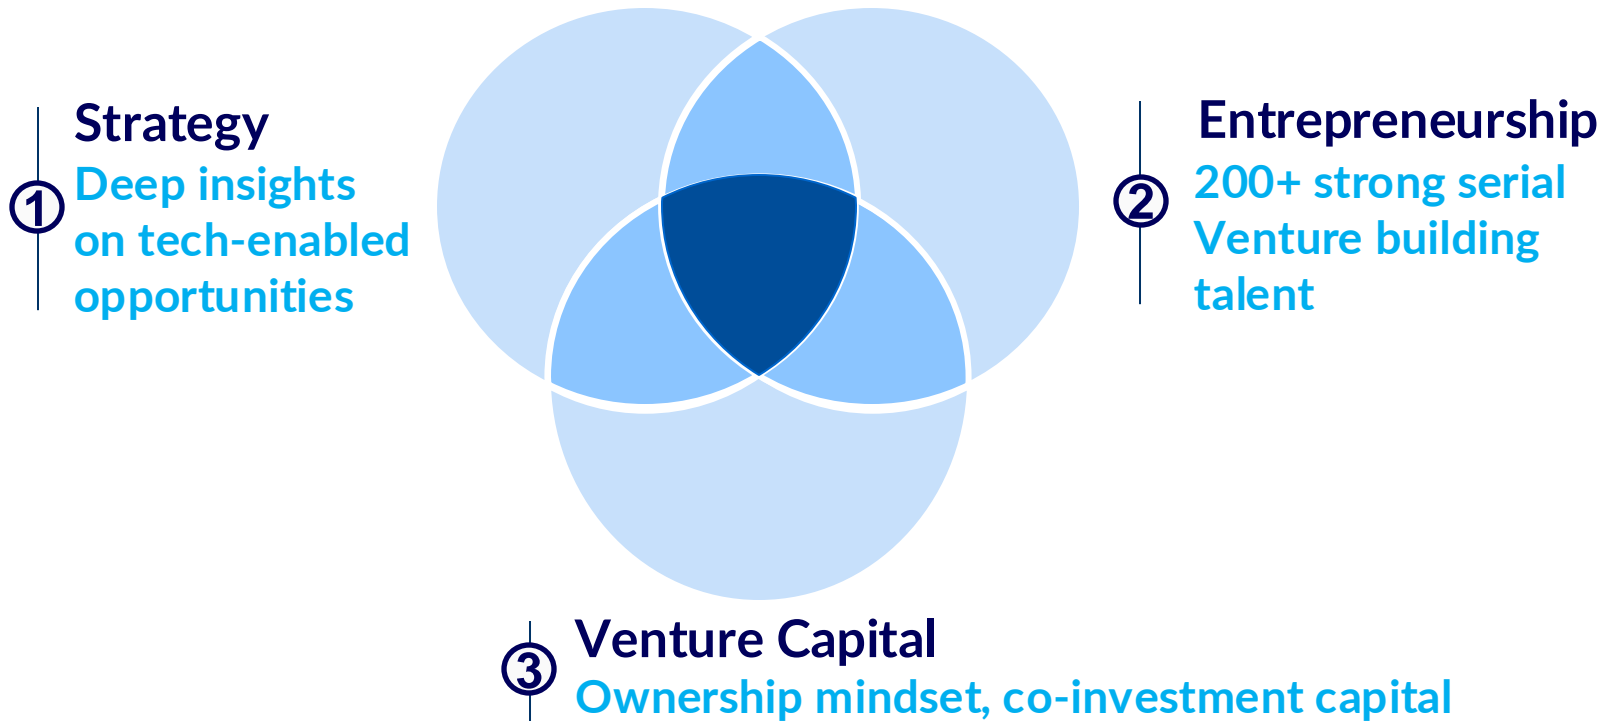

We can do either or both

WHAT DO WE BRING

We bring the full capabilities required to successfully build rev-generating ventures: deep insights on tech opportunities, strong entrepreneurial execution and capital

Our teams combine 3 essential capabilities to stand up the next-gen growth engines

WHAT DO WE BRING

Finally, we bring our well-oiled methodology, governance, talent, and real skin-in-the-game co-investment capital to align our incentives with your venture success

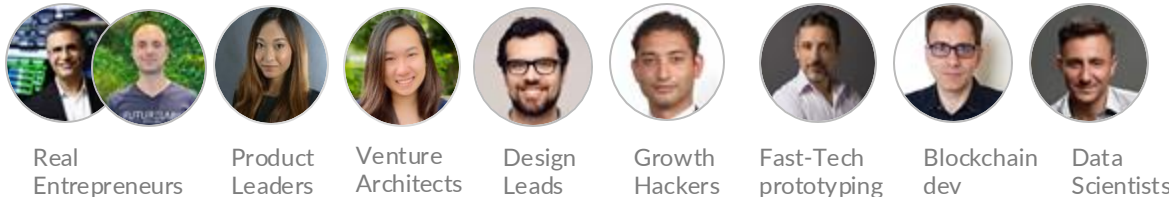

FLV's venture building methodology is grounded on best principles of lean start-up, & design thinking

Best-practice venture governance

We draw from our internal talent and our 200+ curated network of specialized serial entrepreneurs

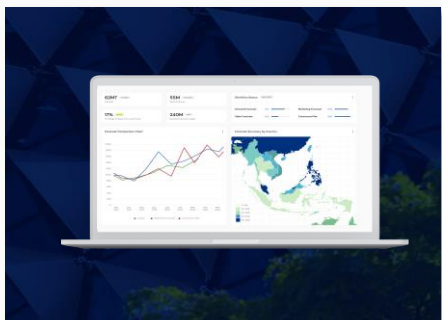

Investment capital

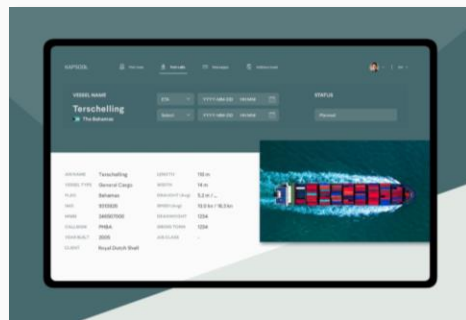

...to turn promising ideas into scalable ventures in less than 12 months

EXAMPLES OF OUR VENTURES

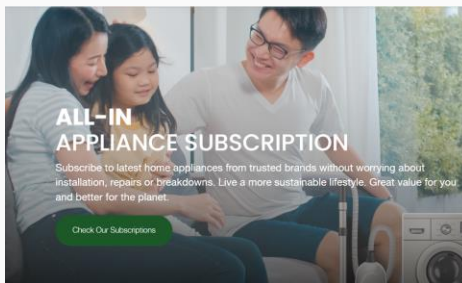

AI-based forecasting & optimization solution for supply chain and finance

Global shipping industry platform to manage & optimize port calls

Defi blockchain asset management protocol to democratize investments

B2C platform empowering people to live more sustainably & reduce electronic waste

What ventures will you build to elevate your business?

A person in a white lab coat is pointing their right index finger towards a glowing yellow lightbulb. There are four other lightbulbs hanging from above, but they are not glowing. The background is a soft-focus blue and white.

Thank You!
